💢 CODE HUNT: The Ultimate Tech Treasure Hunt! 💢

📋 Event Structure:

👥 **Team Size:** 2-3 members per team.

⌛ **Duration:** 2 hours of action-packed fun.

🗺️ **Route System:**

- Teams are assigned one of **3 routes** (*Route 1, Route 2, or Route 3*) via a **lucky draw** 🎲.
- Each route features **2 unique checkpoints**, culminating in a **common final destination** where all teams converge.

⌗ Checkpoints:

1. **Checkpoint 1:** The starting clue leads teams to their first unique checkpoint.
2. **Checkpoint 2:** Solve the first challenge to uncover the next clue.
3. **Final Checkpoint:** All routes converge here. Find your badge with a **unique code** to complete the hunt.

🔑 Challenges Overview:

- 1. **Technical Tasks:** Debug code, craft SQL queries, or tackle simple coding challenges to flex your tech skills. 💻✨
- 2. **Logical Puzzles:** Solve riddles, ciphers, and brain-teasers that test your wit and analytical thinking. 🧩🔍
- 3. **Cyber Secrets:** Dive into the thrilling world of encryption! Crack secret codes and decrypt messages to uncover hidden clu

📱 Tools Allowed:

- Participants are encouraged to use **mobile phones, laptops**, and any tools at their disposal to solve challenges. 💻📱 From running and compiling code to utilizing **AI tools** for decrypting locations, you have the freedom to innovate and strategize your way to victory! 🤘✨
